CALL FOR ABSTRACTS <http://kbs2013.musph.ac.ug/>

39th ANNUAL ALCOHOL EPIDEMIOLOGY SYMPOSIUM OF THE KETTIL BRUUN SOCIETY

KAMPALA, UGANDA JUNE 3-7, 2013

THE FIRST FULL KBS SYMPOSIUM IN AFRICA

The Kettil Bruun Society (KBS) is an international organization of scientists engaged in social and epidemiological research on alcohol. The organisation aims at fostering a comparative understanding of alcohol use and alcohol problems in a spirit of international cooperation. The primary purpose of the symposium is to provide a forum where researchers involved in studies on alcohol can exchange ideas about their ongoing research. Papers on other substance use are welcome when they have relevance for alcohol research".

The symposium focuses on discussion of pre-circulated papers. Papers are presented in 10-minutes followed by a discussion, presenter's comments and general audience participation.

Makerere University College of Health Sciences, School of Public Health in collaboration with the School of Medicine, School of Psychology, NGOs-UYDEL and PADA, Butabika National Referral Mental Health Hospital and Mental health division of Ministry of Health is proud to host the 39th annual Kettil Bruun Society (KBS) symposium. It will take place at the **Commonwealth Resort, Munyonyo in Kampala, Uganda from 3rd to 7th June 2013**. It will be the first main annual KBS conference to be held in Africa.

Researchers are invited to submit informative abstracts by January 20th, 2013 to <http://kbs2013.musph.ac.ug/>. An abstract should be structured into sections: introduction, methods, results and conclusion. The word limit for the abstract is 300.

For any other information contact Ms Dinnah Natukunda at kbs2013@musph.ac.ug , tel:+256776-998060 or Nazarius Mbona Tumwesigye at naz@musph.ac.ug tel +256782-447771
